Professional Summary

Full Stack Developer with 3+ years of experience in web and mobile development. Skilled in **React, Next.js, JavaScript, React Native (Expo), and REST APIs**. Proficient in building **modern web applications, responsive UIs, and cross-platform mobile apps**. Experienced with WordPress, Webflow, Shopify, and Framer. Proven ability to lead frontend projects and deliver high-performance, scalable solutions in fast-paced, collaborative environments.

Work Experience

Frontend Developer | DraftsTech Applications Pvt. Ltd. | Jul 2025 – Present

- Lead and execute frontend projects using React, Next.js, Webflow, WordPress, Shopify, and Framer.
- Collaborate with cross-functional teams to ensure UI/UX best practices and design consistency.
- Manage and mentor developers when needed, ensuring code quality and timely delivery.
- Deliver high-performance, responsive websites optimized for speed and SEO.

Full Stack Web Developer (Remote) | Sukan (Netherlands) | Nov 2023 – Jun 2025

- Developed and maintained responsive WordPress websites from scratch using custom themes, ACF, and plugin development.
- Built user-friendly front-end interfaces using HTML5, CSS3, JavaScript, and jQuery aligned to designer wireframes.
- Integrated third-party tools (HubSpot, Stripe, PayPal) and custom APIs for marketing automation and reporting.
- Optimized site speed and security via caching, lazy loading, SSL setup, and Core Web Vitals best practices.
- Managed Git-based version control, deployments, and troubleshooting across staging and production servers.
- Worked cross-functionally with designers, marketers, and PMs in a remote agile environment.

Freelance Web Developer | India (Remote) | 2021 – 2023

- Built custom WordPress and WooCommerce websites for clients in e-commerce, personal brands, and services industries.
 - Customized PHP functions, hooks, and shortcodes for dynamic functionality and admin flexibility.
 - Automated product flows and integrated Razorpay, Stripe, and PayPal payment gateways.
 - Created responsive landing pages and blogs, improving conversion rates and engagement.
 - Provided end-to-end project delivery including hosting setup, analytics, SEO, and client handoff.
-

Projects

- **PracandyFlix** – Netflix-inspired Android streaming app built with **Kotlin**. Features dark premium UI, Lottie animations, fullscreen video support, domain whitelist security, and local caching. [GitHub](#)
 - **YoYoMusic** – Real-time, community-powered music room where users join, queue songs, and vote to play/skip. Built with **HTML, CSS, JavaScript, Node.js**. Features real-time sync, voting system, and live playback. [GitHub](#) • [Live Demo](#)
 - **PracandyWalls** – Wallpaper app with **React Native (Expo)**. Features native wallpaper module, full-screen preview mode, smart storage handling, and modern dark-themed UI. [GitHub](#) • [Live Demo](#)
